

Accu-Trac-AP Plate System

www.NovaTechWS.com • sales@novatechws.com • 844-815-1038

At NovaTech, we've got a lot on our "plate"!

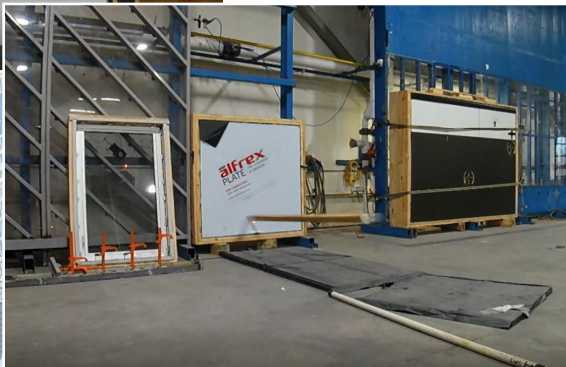

NovaTech has been a major producer of high-performance MCM/ACM systems for many years. Now, we are introducing a high-performance aluminum plate system worthy of the NovaTech name!

Our patented Accu-Trac attachment system, combined with 3mm aluminum plate's natural strength and durability, makes it the perfect solution for any application!

Lab-Tested Performance

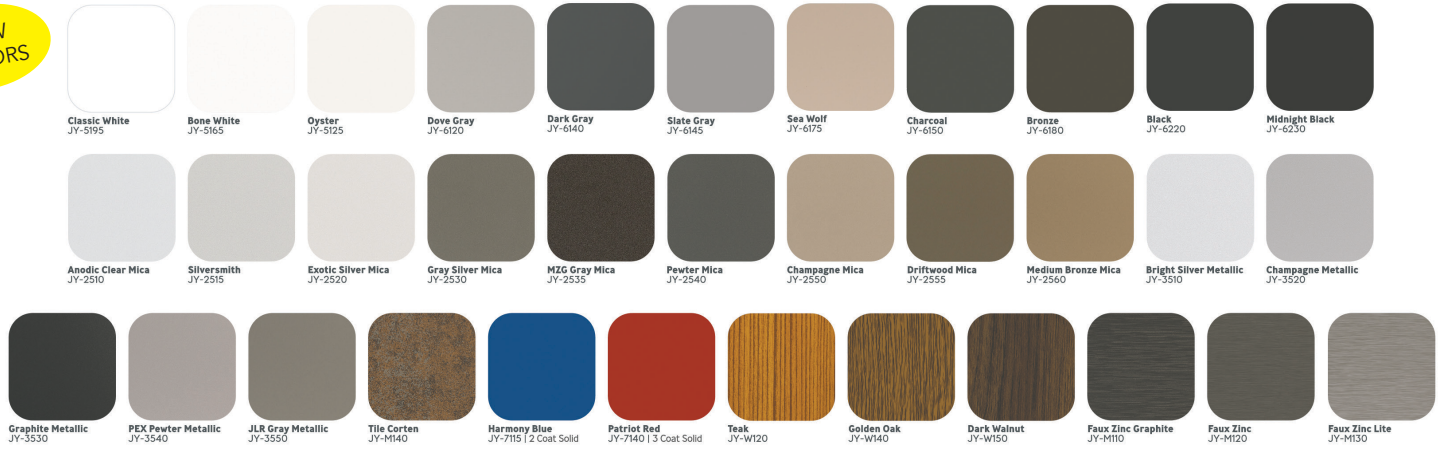

- NovaTech has teamed up with Georgia-based Alfrex to create a beautiful, unique, fully-tested aluminum plate panel system.
- **Accu-Trac-AP** is simply the best true aluminum plate system available anywhere!
- **Accu-Trac-AP** is a surprisingly affordable solution!

Because of our alliance with the international aluminum sheet manufacturing giant, Alfrex, Inc., the entire Alfrex color palette is available:

Standard Colors

NEW
 COLORS

*In addition to this large color selection, the Accu-Trac-AP System is also available in unlimited custom colors.**

*Some colors may require minimum quantities and/or set-up costs. Please inquire for availability.

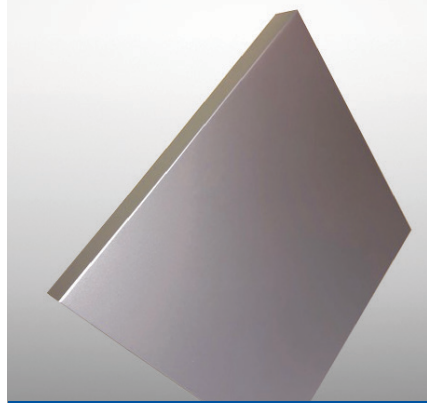

TESTING AND PERFORMANCE

- TAS 201 – Large and Small Missile Test Standards
- TAS 202 – Uniform Structural Load Standards
- TAS 203 – Uniform Cyclic Pressure Test Standards
- ASTM E1886 – Standard Test Method for Performance of Exterior Windows, Curtain Walls, Doors, and Impact Protective Systems Impacted by Missile(s) and Exposed to Cyclic Pressure Differentials
- ASTM E1996 – Standard Specification for Performance of Exterior Windows, Curtain Walls, Doors, and Impact Protective Systems Impacted by Windborne Debris in Hurricanes
- ASTM E330 – Standard Test Method for Structural Performance of Exterior Windows, Doors, Skylights and Curtain Walls by Uniform Static Air Pressure Difference
- LEED Certification – Alfrex Plate
- Aluminum Plate 3003 – Combustibility Report
- Aluminum Plate 5052 – Combustibility Report
- CAN/ULC S135 Summary Report – Alfrex Plate
- CAN/ULC S114 Summary Report – Alfrex Plate
- FPA-FL 39304

“Design with Accu-Trac-AP and take advantage of the system’s natural design flexibility. Accu-Trac-AP is an excellent choice for almost any design application! Specify with confidence in this fully tested system!”

A true high-performance rainscreen system, the Accu-Trac-AP System is second to none in structural performance and fire code compliance and the panels are simply beautiful to behold!

A “solid” aluminum choice!

Unlike ACM and MCM systems, Accu-Trac-AP does not have any kind of synthetic core. Our panel system is a solid piece of durable aluminum!
